

a bug's life

OUTDOORFAMILIESONLINE.COM

MONDAY

Look outside and see how many bugs you can find. Write them all down and answer the worksheet questions for each one. Find a book or poem about your bug and read about it.

TUESDAY

Go back to where you found the bugs. Observe what activity goes on and log it onto the worksheet. Come up with descriptive names for them according to how they look.

WEDNESDAY

Write a story on the life of your bugs. Let your imagination run free! There are no rules or restrictions on length or story structure!

THURSDAY

Share your child's favorite drawing(s) of their bug(s) to the Rewilding Facebook community. Did you find anything odd or unusual about your bug? Write it down on your worksheet.

FRIDAY

Make a video of your bug in their natural habitat, complete with narration. Parents, record a short video with your child narrating, "a bug's life."
